Top reasons to shop locally this Christmas season

There are lots of reasons to shop locally this Christmas season and always, besides all of our great stores! Here are just a few!

Local Economic Stimulus

When you purchase at a local business, more money is kept in the community because local businesses purchase from other local businesses, service providers and farms.

Purchasing local helps grow other businesses as well as the local tax base!

Support for local groups

Local business owners donate to local

charities, sports teams, fundraisers, recreation programs, service clubs, and all the things that make your community better!

Character and prosperity

The unique character of your local community is defined in large part by the businesses that are based there, and that plays a big factor in your overall satisfaction with where you live and the value of your home and property.

Jobs for your friends and neighbors

Most new jobs are created by small businesses. Small local businesses are the larg-

est employers nationally. Plus the more jobs you have in your local community the better. Local businesses keep our communities vibrant and growing.

Great customer service

Customer service is simply better with local businesses. Have you ever tried to get a box store to hook up your TV to your set top box, to your speakers, customize your computer network, deliver an order of softener salt to your home or garage, or make alterations on the clothing you just bought?

Local businesses often hire people with more specific product expertise for better

customer service. You are also going to see these people around town and they are going to give you great service in part because they are your friends and neighbors.

Community investment

Local business owners invest in your community!

Local businesses are owned by people who live in your community and are invested in the community's welfare and future. They have invested in their businesses, they pay property taxes that support your community, they employ your friends and neighbors, and they contribute to worthy local causes.
