## Reasons to shop locally this Christmas

Local retailers have been there to serve you through the Covid-19 pandemic and all the restrictions that it brought with it.

They have been there to serve you through the supply chain issues which means many businesses have had to work even harder to stock their shelves and serve you as disrupted supply chains means sometimes finding new suppliers to provide the products you need!

Here are a few reasons to shop locally this Christmas season

**Local Economic Stimulus.** When you purchase at locally owned businesses, more money is kept in the community because locally-owned businesses often

purchase from other local businesses, service providers and farms. Purchasing local helps grow other businesses in your community, as well as the local tax base.

**Non Profits Receive Greater Support.** Local business owners support the local non profit groups, charities, service clubs, organizations, and recreation programs that are so important to your community!

**Unique Businesses Create Character & Prosperity.** The unique character of your local community is defined in part by the business that are located there, and that plays a big factor in your overall satisfaction with where you live. Try to imagine

Maryfield without the Arlington, Fleming without the Windsor, Rocanville without Universe Satellite Sales, Fairlight without Home Sweet Home, Elkhorn without Samantha's Boutique, Esterhazy without the Galaxy, Kipling without the Paper Clip Cottage, Moosomin without the Red Barn or the Crate House or Kari's or Kassie's. Those businesses help to make our com-

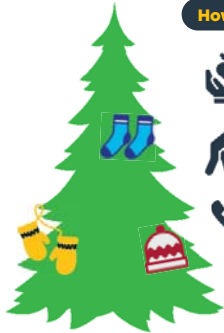

munities what they are.

**Most New Jobs Are Provided By Local Businesses.** Small local businesses are the largest employers nationally. Plus the more jobs you have in your local community, the stronger community growth will be and the more potential customers all local businesses will have.

## Reasons to shop locally

**Customer Service Is Better.** Local businesses often hire people with more specific product expertise for better customer service. Local business owners and their staff have every reason to treat you right not only to keep you coming back, but because they are your friends and neighbors.

**Local Business Owners Invest In Your**

**Community.** Local businesses are owned by people who live in this community, are less likely to leave, and are more invested in the community's welfare and future. Every local business owner has invested in your community through their business, and has every reason to see your community grow and succeed. When you support local businesses, you are investing in the future of your community.
